

Health Teams International (Canada)

Upcoming Mission Trips

Dominican Republic March 2015 / Cambodia October 2015

We have assembled a 13 member team of physicians, nurses, dentists, hygienists, opticians and support worker to provide health services in Dominican Republic for a unique mission experience from 13-20 March 2015. We will be serving up 5 1/2 days of clinics in Cabarete, Islabon and Santiago where we expect to see between 1,000 and 1,300 patients before we return to Canada.

Though this team is filled with a complete roster of volunteers you might want to consider signing up to be a member of Health Teams International's 4th consecutive trip to Cambodia scheduled for 16-30 October 2015. We will once again be working in five rural villages returning each day back to our lodging in Phnom Penh. The total cost for the mission package is \$3,000 (full charitable tax receipt is provided). Contact Dr. Harle to find out more details if you are interested in joining the team with your medical, dental or vision care skills. Of course there will be some time scheduled for shopping and sightseeing (including elephant rides in Siem Reap and touring the 7th wonder of the world - Angkor Wat).
